LETTER OF UNDERSTANDING – Progressive Discipline Guideline

Progressive Discipline Guideline

The C.L.R.A.M.'s Ironworkers Structural Steel Contractors Trade Division and the Ironworkers, Local 728 agree that the following "Progressive Discipline Guideline" will be implemented on all job sites where Local 728 members work for these Contractors. This Guideline will become effective on May 1, 2007 and will be posted at all affected job sites and will be provided to all employees prior to its implementation date.

In order for this guideline to be fair and equitable in its application, it is essential that the employee understand that he has the right to be accompanied by their Job Steward or another Local 728 member during all disciplinary meetings with their Supervisor. The employee may choose to waive this right, and if he does so, this point should be noted and signed off by the employee in question.

1. **VERBAL WARNING:** An employee who has committed an infraction is verbally warned and told that if the same infraction occurs again (within some specified period), the degree of disciplinary action will be increased.

Examples would be minor safety policy violations, minor work-site disruptions, poor workmanship issues, attendance (reporting to work late) problems, verbal abuse to Supervisor and co-workers, etc.

2. **WRITTEN WARNING:** If the employee again commits the same or similar violation within the specified period (or possibly an unrelated infraction) the employee will be given a written warning which will be placed on their personnel file. The employee will be told that if any further misconduct occurs, the employee will be disciplined again, more severely.
3. **SUSPENSION AND FINAL WARNING:** If the employee again transgresses in the misconduct, he will be suspended from employment for a period of time without pay and will be given a final warning.

This warning clearly will normally specify discharge as the result of another infraction This step may be repeated, however, for example, a one-day, then a five-day suspension.

4. **DISCHARGE:** If the employee again is guilty of misconduct (as outlined in Step 3), the employee may be discharged.

The employee may also be immediately discharged, at the Contractors discretion, for gross disciplinary conduct.

Examples of gross disciplinary conduct: fraud, severe Health and Safety policy violations, severe workplace disruptions, workplace violence and/or intimidation, etc.

5. The Employer and the Union recognize that some instances of serious disciplinary misconduct might, in the circumstances, amount to just cause for a suspension or discharge, without prior warning. Examples might include fraud or theft, several health and safety violations, severe workplace disruptions, violence and/or intimidation, etc., although in all cases the disciplinary penalty imposed is reviewable by an Arbitrator.

In accordance of the foregoing, the parties have affixed their signatures this _____ day of _____, 2023.
